01

Introduction

At XSPACEWEB, we strive to provide high-quality digital services and products. We understand that certain circumstances may require a cancellation or refund. This Refund Policy explains our refund and cancellation terms in a clear and transparent manner.

02

Scope of This Policy

This policy applies to all services and products offered by XSPACEWEB PRIVATE LIMITED, including website development, application development, digital marketing, design services, consulting, SaaS products, domain/hosting services (where applicable), and any other paid services listed on our website or offered through our team.

03

General Refund Principles

Refunds are provided only under circumstances specified in this policy. Each service or product may have different refund conditions based on the nature of the work, resources involved and third-party dependencies. Refunds are not guaranteed for all purchases or services.

04

Website & Consultation Services

For consultation services or small website packages, refund eligibility (if any) will be mentioned in the specific proposal, quotation or invoice. If work has already started or significant resources have been allocated, a refund may not be possible.

05

Development & Design Projects

For custom development, app development, UI/UX design, or other project-based services, refunds are generally not available once work has commenced. However, if a project is cancelled before work starts, we may consider a partial or full refund depending on the situation.

06

Digital Marketing Services

Digital marketing services such as SEO, social media marketing, Google Ads, Meta Ads, etc. are monthly and ongoing services. Due to the nature of these services and third-party platform costs, refunds are generally not provided for completed work or ad spend. Unused ad balance (if any) may be handled as per platform policies.

07

SaaS Products & Subscriptions

For XSPACEWEB's SaaS products, refunds (if applicable) will be mentioned on the product pricing or subscription page. In most cases, subscription fees are non-refundable due to immediate access to digital services and infrastructure costs. In certain cases, we may offer a refund within a specific period (e.g., 7 days from purchase) if the product is not used, as specified at the time of purchase.

08

Domain, Hosting & Third-Party Services

Services such as domain registration, hosting, cloud infrastructure, email services or other third-party services are subject to the refund policies of the respective providers. XSPACEWEB does not control the refund policies of third-party providers and cannot guarantee refunds for such services.

09

Cancellation Policy

You may request a cancellation as per the terms mentioned in your proposal, agreement or product page. Cancellation requests must be submitted in writing via email. Approval of cancellation is at the sole discretion of XSPACEWEB.

10

Non-Refundable Items

Refunds will generally not be provided for:

- Completed work or delivered digital products
- Customised projects and bespoke development
- Third-party costs (domain, hosting, software licences, ad spend, etc.)
- Late cancellation after work has started
- Change of mind or personal reasons

11

How to Request a Refund

To request a refund, please email us at support@xspaceweb.com with your order details, reason for the request and any relevant information. Our team will review your request and respond within the specified timeframe.

12

Refund Processing Time

If a refund is approved, the amount (if applicable) will be processed within 7-14 business days to the original payment method, depending on your bank or payment provider.

13

Changes to This Policy

We may update this Refund Policy from time to time to reflect changes in our services, pricing, technology or legal requirements. Any changes will be posted on this page with an updated effective date.

14

Contact Us
